

Garden City

feel the sea breeze from your window

Raouche, facing Lancaster Suites

1st to 11th floor 330m² (2 apt./floor)

12th to 22nd floor 650m² (1 apt./floor)

A 22 floors residential building with private and visitors parking. A 24 hours concierge and maintenance services equipped with the latest in building technologies and very high standard material specifications. A reinforced concrete structure using the highest standard of anti seismic design, double walls, double glazing and powered roller shutters system to provide thermal and acoustical protection.

'Garden City' eye-pleasing exterior is the picturesque union of elliptical shape glass and wood in the urban concrete jungle. The glass ensure that the residence blends in with the sea while the wood adds an exceptional and modern motif that accentuates the general charm.

The exterior is a fine example of facade design at its best.
